Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Blosser. Blosser discloses a golf tee comprising colored sections on the shaft for indicating the teed height of the golf tee.

3. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Anderson. Anderson discloses a golf tee having numbers and lines on the shank for indicating the teed height of the golf tee.

4. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Strong, Kirikos, Antonious or Cabot. These references each teach a golf tee having projections or recesses on the shaft for indicating the teed height of the golf tee.
